# How to Connect CabPay Printer

Step 1:

If you have completed a CabPay transaction and cannot print either receipt because your smart device is displaying the following message:

You are required to press the printer icon, highlighted in green on the image beside.

Step 2:

Once you have pressed the Printer icon, the following screen shall be displayed that will always display the BlueTooth Printer message. You must press the BlueTooth Printer message displayed on your smart-device. This will confirm that the Printer is connected.

Step 3:

Once you have pressed BlueTooth Printer you must then press the Close button. The CabPay App will return to the previous screen shown in **Step 1** and from there, you shall be able to print a receipt.

You should now be able to print a transaction, if you are still having connectivity issues then please call the HelpDesk at 02076556970 or visit 171 Lukin St, London E1 0BN, and we will be happy to assist.
